Subject: 11/1/2026 RFE re: All Judges Subject to Retention in 2026

Good afternoon Governor Polis, Senators, and Representatives,

Last night, I filed the attached request for evaluation (RFE) of judicial conduct regarding all judges subject to retention elections in 2026. Essentially, the RFE alleges that these judges have all knowingly concealed material information from voters, specifically the judicial performance commissions' failure to examine judicial "integrity" as mandated by Sec. 13-5.5-107(1)(a), C.R.S. Because Justice William W. Hood, III is named as a subject judge (and because he and the other Justices are material witnesses), the entire Colorado Supreme Court is mandated to recuse itself and allow formation of a special tribunal under Colo. Const. Art. VI, Sec. 23(3)(f)(II), (h).

As further explained in the RFE, I renew my request for Governor Jared Polis and/or the General Assembly to call for a special legislative session to revisit HJR26-1029 and to immediately initiate impeachment proceedings against former Colorado Commission on Judicial Discipline Chair and current Adams County Court Judge Leroy D. Kirby.

Again, I am happy to provide you with any additional information you may need and to answer any questions you might have in order to support my call for accountability in Colorado State Government. This story is already being covered in the press through the Center Square (see attached article).

I am providing this email to the candidates for statewide office, 20th Judicial District Attorney Michael Dougherty (who has authority to request/consent to the appointment of a special prosecutor), and to other members of the press. Hopefully, you (as elected representatives) and the public will recognize the importance of the issues of public integrity that I am raising.

Sincerely,
Christopher Gregory
